# REMEMBER

## WHEN THE KIDS FIRST GOT ME ?

I'd fly through the air, they'd bounce me all the way from the house to the school, I would hear their shouts of joy as they played with the other kids. Sometimes we would all play together at the courts!! I miss that... Heck, Dad, all I need is a little air for 60 minutes of play each day. Please ?? I heard basketball is BIG in Indian Country.

P.S. Get ideas. Get involved. Get going at [letsmove.gov/indiancountry](http://letsmove.gov/indiancountry).

A CHILD'S WISH IS WAITING.  
YOU CAN HELP MAKE IT COME TRUE.

Every 40 minutes, the Make-A-Wish Foundation® grants the wish of a child with a life-threatening medical condition — being a veterinarian for a day, meeting a favorite entertainer or going anywhere their imagination takes them. You can help make wishes happen. Visit [wish.org](http://wish.org) today.

**Install. Inspect. Protect.**  
**Smoke Alarms Save Lives.**

**More than 3,000 people die in home fires every year.** Many of these deaths occurred in homes without working smoke alarms.

Protect yourself, your family and firefighters by installing and maintaining smoke alarms in your home. **Do your part to get out before firefighters risk their lives to come in.**

Install smoke alarms both inside and outside of bedrooms and sleeping areas and on every level of your home. Test them monthly. Change the batteries as instructed. Consider installing sprinklers in your home.

For more information, go to [www.usfa.dhs.gov/smokealarms](http://www.usfa.dhs.gov/smokealarms).

**U.S. Fire Administration Mission Statement**  
We provide national leadership to foster a solid foundation for local fire and emergency services for prevention, preparedness and response.

## Take the First Step to a Heart-Healthy Life. Start! Walking. Start! Something.

Heart disease is the number one killer of men and women in America. But did you know that just 30 minutes a day of physical activity can improve your health and decrease your risk of heart disease? An easy way to work physical activity into your regular routine is to start walking. For every single hour of regular, vigorous exercise, you can add two hours to your life expectancy.

It's easy to Start! whether you're by yourself or with friends, family and co-workers. You'll all feel a difference and live longer, heart-healthier lives.

Join the movement.

Ignoring global warming won't make it go away.

YOU'D  
NEVER SAY,  
"IT'S JUST  
CANCER,  
GET OVER IT."

So why do some say that about depression?

It's all in the head. It's just a bad mood. It's a personal weakness. They're just a few of the common misperceptions about depression. The truth? Depression is a real medical illness that can be as debilitating as other major diseases. Like cancer, it can be fatal. And like diabetes, it's biologically based. But like other life-threatening illnesses, it can be treated. Which means there's real hope for everyone who has it.
